27 AUGUST 2013

1. The Board noted the revision of APES 215 *Forensic Accounting Services* and considered a number of issues as follows:

- Matters raised by a key stakeholder in respect of its employees who are Members in Business and provide Forensic Accounting Services; and
- Legal precedence of expert evidence being opinion evidence or other evidence.

The Board directed Technical Staff to communicate with the key stakeholder to clarify their position and address their concerns. The Board noted the revision of APESB *Due Process and Working Procedures* and discussed the use of the term “pronouncement” as well as the rationale for including an “Objectives” section in APESB standards.
