Background

Accounting Professional and Ethical Standards Board (APESB) issued APES 410 *Conformity with Auditing and Assurance Standards* in July 2006 with an effective date of 1 July 2006. On 30th September 2008, APESB issued APES 210 of the same name to replace APES 410.

APES 210 *Conformity with Auditing and Assurance Standards* (the Standard) was subsequently revised and reissued in November 2011 with an effective date of 30 November 2011.

Reason for this report

In accordance with APESB's constitution, a review needs to be performed on an annual basis after a new standard is effective to identify any issues reported by stakeholders. This report presents a review of the issues reported to the APESB together with those identified by an internal technical review and the proposed recommendations to address the identified issues.

Review of Issues

Defined terms

The Technical staff review identified that the definitions section in APES 210 needs to be revised as a result of the IESBA's revision of the International Code in March 2013 and APESB's subsequent amendments to APES 110 *Code of Ethics for Professional Accountants* (the Code) in November 2013.
