2	<p>Calculation Engagement means an Engagement or Assignment to perform a Valuation and provide a Valuation Report where the Member and the Client or Employer agree on the specific Valuation Approaches, and Methods that the Member will use and the extent of Valuation Methods and Valuation Procedures the Member will perform to estimate the value of a business, business ownership interest, security or intangible asset employ. A Calculation Engagement generally does not include all of the Valuation Procedures required for a Valuation Engagement <u>or a Limited Scope Valuation Engagement</u>.</p> <p>Firm means</p> <ul style="list-style-type: none"> (a) a sole practitioner, partnership, corporation or other entity of professional accountants; (b) an entity that controls such parties, <u>through ownership, management or other means</u>; (c) an entity controlled by such parties, <u>through ownership, management or other means</u>; or (d) an Auditor-General's office or department. <p>Limited Scope Valuation Engagement means an Engagement or Assignment to perform a Valuation and provide a Valuation Report where the scope of work is limited or restricted. For example, in valuing a business the scope of the work performed by the Member might involve only a limited or restricted review and analysis of the business and the industry in which it operates. <u>The scope of work is limited or restricted where the Member is not free, as the Member would be but for the limitation or restriction, to employ the Valuation Approaches, Valuation Methods and Valuation Procedures that a reasonable and informed third party would perform taking into consideration all the specific facts and circumstances of the Engagement or Assignment available to the Member at that time, and it is reasonable to expect that the effect of the limitation or restriction on the estimate of value is material. A limitation or restriction may be imposed by the Client or Employer or it may arise from other sources or circumstances. A limitation or restriction may be present and known at the outset of the Engagement or Assignment or may arise or become known during the course of a Valuation Engagement. A Limited Scope Valuation Engagement may also be referred to as a "restricted-scope valuation engagement" or an "indicative valuation engagement".</u></p> <p>Premise of Value means <u>an assumption regarding the most likely set of transactional circumstances that may be applicable to the subject valuation;</u></p>
