Reasons for issuing Exposure Draft 05/22

Accounting Professional & Ethical Standards Board Limited (APESB) proposes to amend APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) to incorporate changes made by the International Ethics Standards Board for Accountants (IESBA) to the *International Code of Ethics for Professional Accountants (including International Independence Standards)* (the International Code). These changes aim to expand the extant definition of Public Interest Entity (PIE), including updating the category of 'listed entity' to 'publicly traded entity,' and to provide guidance on the factors to consider when determining whether an entity should be subject to the additional independence requirements applicable to entities that are PIEs.

Key requirements and guidance in Exposure Draft 05/22

This Exposure Draft sets out proposed amendments to the current version of the Code. The proposed key changes are summarised below:

- Introduce an overarching objective for additional Independence requirements for audit clients that are PIEs.
- Update guidance on factors for consideration when determining the level of public interest in an entity.
- Revise the definition of 'public interest entity' to specifically include entities which take deposits from or provide insurance to the public, and to update the term 'listed entity' to 'publicly traded entity.'
- Replace the definition of 'listed entity' with the new definition 'publicly traded entity,' with the intention to avoid confusion created by the term 'recognised stock exchange' in the extant definition of listed entity.
- Require firms to disclose if an audit client has been treated as a PIE in proposed paragraphs R400.20 and R400.21.
- Remove the reference to Section 122 of the *Insurance Act 1973* in proposed paragraph AUST 400.18 A3 to meet a regulator's request.
- Amend the references to the applicable regulatory requirements in APRA prudential standards to refer specifically to the independence requirements.

The proposed revisions in this exposure draft include conforming amendments to some of the provisions proposed to be amended in APESB's Exposure Draft ED 04/22 *Proposed Amendments to the Non-Assurance Services provisions of APES 110 Code of Ethics for Professional Accountants (including Independence Standards)*. Where changes relate to the proposed Section 600 in ED 04/22, they are listed in the Other Consequential and Conforming Amendments section of this exposure draft.

Proposed operative date

It is intended that the proposed amendments will be effective for audits of financial statements for periods beginning on or after 1 January 2025.

Early adoption of these provisions will be permitted.

PART 4A – INDEPENDENCE FOR AUDIT AND REVIEW ENGAGEMENTS

SECTION 400

APPLYING THE CONCEPTUAL FRAMEWORK TO INDEPENDENCE FOR AUDIT AND REVIEW ENGAGEMENTS

Introduction

General

[Paragraphs 400.1 to 400.7 of extant Section 400 remain unchanged.]

Public Interest Entities

400.8 Some of the requirements and application material set out in this Part are applicable only to the audit of **Financial Statements** of **Public Interest Entities**, reflecting significant public interest in the financial condition of these entities due to the potential impact of their financial well-being on stakeholders.

400.9 Factors to consider in evaluating the extent of public interest in the financial condition of an entity include:

- The nature of the business or activities, such as taking on financial obligations to the public as part of the entity's primary business.
- Whether the entity is subject to regulatory supervision designed to provide confidence that the entity will meet its financial obligations.
- Size of the entity.
- The importance of the entity to the sector in which it operates including how easily replaceable it is in the event of financial failure.
- Number and nature of stakeholders including investors, customers, creditors and employees.
- The potential systemic impact on other sectors and the economy as a whole in the event of financial failure of the entity.

[Paragraph AUST 400.8.1.A1 of extant Section 400 has been amended and relocated to AUST 400.18 A3.]

400.10 Stakeholders have heightened expectations regarding the **Independence** of a **Firm** performing an **Audit Engagement** for a **Public Interest Entity** because of the significance of the public interest in the financial condition of the entity. The purpose of the requirements and application material for **Public Interest Entities** as described in paragraph 400.8 is to meet these expectations, thereby enhancing stakeholders' confidence in the entity's **Financial Statements** that can be used when assessing the entity's financial condition.

Reports that Include a Restriction on Use and Distribution

400.11 An audit report might include a restriction on use and distribution. If it does and the conditions set out in Section 800 are met, then the **Independence** requirements in this Part may be modified as provided in Section 800.

Assurance Engagements Other than Audit and Review Engagements

400.12 **Independence** standards for **Assurance Engagements** that are not **Audit** or **Review Engagements** are set out in Part 4B – *Independence for Assurance Engagements Other than Audit and Review Engagements*.

Requirements and Application Material

General

R400.13 A **Firm** performing an **Audit Engagement** shall be independent.

R400.14 A **Firm** shall apply the conceptual framework set out in Section 120 to identify, evaluate and address threats to **Independence** in relation to an **Audit Engagement**.

AUST R400.14.1 Where a **Member in Public Practice** identifies multiple threats to **Independence**, which individually might not be significant, the **Member** shall evaluate the significance of those threats in aggregate and the safeguards applied or in place to eliminate some or all of the threats or reduce them to an **Acceptable Level** in aggregate.

Prohibition on Assuming Management Responsibilities

R400.15 A **Firm** or a **Network Firm** shall not assume a management responsibility for an **Audit Client**.

400.15 A1 Management responsibilities involve controlling, leading and directing an entity, including making decisions regarding the acquisition, deployment and control of human, financial, technological, physical and intangible resources.

400.15 A2 When a **Firm** or a **Network Firm** assumes a management responsibility for an **Audit Client**, self-review, self-interest and familiarity threats are created. Assuming a management responsibility might also create an advocacy threat because the **Firm** or **Network Firm** becomes too closely aligned with the views and interests of management.

400.15 A3 Determining whether an activity is a management responsibility depends on the circumstances and requires the exercise of professional judgment. Examples of activities that would be considered a management responsibility include:

- Setting policies and strategic direction.
- Hiring or dismissing employees.
- Directing and taking responsibility for the actions of employees in relation to the employees' work for the entity.
- Authorising transactions.
- Controlling or managing bank accounts or investments.

- Deciding which recommendations of the **Firm** or **Network Firm** or other third parties to implement.
- Reporting to **Those Charged with Governance** on behalf of management.
- Taking responsibility for:
 - The preparation and fair presentation of the **Financial Statements** in accordance with the applicable financial reporting framework.
 - Designing, implementing, monitoring or maintaining internal control.

400.15 A4 Subject to compliance with paragraph R400.16, providing advice and recommendations to assist the management of an **Audit Client** in discharging its responsibilities is not assuming a management responsibility. The provision of advice and recommendations to an **Audit Client** might create a self-review threat and is addressed in Section 600.

R400.16 When performing a **Professional Activity** for an **Audit Client**, the **Firm** shall be satisfied that client management makes all judgements and decisions that are the proper responsibility of management. This includes ensuring that the client's management:

- (a) Designates an individual who possesses suitable skill, knowledge and experience to be responsible at all times for the client's decisions and to oversee the activities. Such an individual, preferably within senior management, would understand:
 - (i) The objectives, nature and results of the activities; and
 - (ii) The respective client and **Firm** or **Network Firm** responsibilities.

However, the individual is not required to possess the expertise to perform or re-perform the activities.
- (b) Provides oversight of the activities and evaluates the adequacy of the results of the activities performed for the client's purpose.
- (c) Accepts responsibility for the actions, if any, to be taken arising from the results of the activities.

Public Interest Entities

R400.17 For the purposes of this Part, a **Firm** shall treat an entity as a **Public Interest Entity** when it falls within any of the following categories:

- (a) A **Publicly Traded Entity**;
- (b) An entity one of whose main functions is to take deposits from the public;
- (c) An entity one of whose main functions is to provide insurance to the public; or
- (d) An entity specified as such by law, regulation or professional standards to meet the purpose described in paragraph 400.10.

400.17 A1 When terms other than **Public Interest Entity** are applied to entities by law, regulation or professional standards to meet the purpose described in paragraph 400.10, such terms are regarded as equivalent terms. However, if law, regulation or professional standards designate entities as "public interest entities" for reasons unrelated to the purpose described in paragraph 400.10, that designation does not necessarily mean that such entities are **Public Interest Entities** for the purposes of the **Code**.

R400.18 In complying with the requirement in paragraph R400.17, a **Firm** shall take into account more explicit definitions established by law, regulation or professional standards for the categories set out in paragraph R400.17 (a) to (c).

400.18 A1 The categories set out in paragraph R400.17 (a) to (c) are broadly defined and no recognition is given to any size or other factors that can be relevant in a specific jurisdiction. The **Code** therefore provides for those bodies responsible for setting ethics standards for **Members** to more explicitly define these categories by, for example:

- Making reference to specific public markets for trading securities.
- Making reference to the local law or regulation defining banks or insurance companies.
- Incorporating exemptions for specific types of entities, such as an entity with mutual ownership.
- Setting size criteria for certain types of entities.

400.18 A2 Paragraph R400.17 (d) anticipates that those bodies responsible for setting ethics standards for **Members** will add categories of **Public Interest Entities** to meet the purpose described in paragraph 400.10, taking into account factors such as those set out in paragraph 400.9. Depending on the facts and circumstances in a specific jurisdiction, such categories could include:

- Pension funds.
- Collective investment vehicles.
- Private entities with large numbers of stakeholders (other than investors).
- Not-for-profit organisations or governmental entities.
- Public utilities.

AUST 400.18 A3 The following entities in Australia will generally satisfy the conditions in paragraphs 400.9, R400.17 and R400.18 as having a large number and wide range of stakeholders and thus are likely to be classified as **Public Interest Entities**. In each instance **Firms** shall consider the nature of the business, its size and the number of its employees:

- Authorised deposit-taking institutions (ADIs) and authorised non-operating holding companies (NOHCs) regulated by the Australian Prudential Regulatory Authority (APRA)¹ under the *Banking Act 1959*;
- Authorised insurers and authorised NOHCs regulated by APRA² under the *Insurance Act 1973*;
- Life insurance companies and registered NOHCs regulated by APRA³ under the *Life Insurance Act 1995*;
- Private health insurers regulated by APRA⁴ under the *Private Health Insurance (Prudential Supervision) Act 2015*;
- Disclosing entities as defined in Section 111AC of the *Corporations Act 2001*;

¹ Refer to the APRA *Prudential Standard CPS 510 Governance* for applicable **Independence** requirements for audits of APRA-regulated entities.

² Refer to the APRA *Prudential Standard CPS 510 Governance* for applicable **Independence** requirements for audits of APRA-regulated entities.

³ Refer to the APRA *Prudential Standard CPS 510 Governance* for applicable **Independence** requirements for audits of APRA-regulated entities.

⁴ Refer to the APRA *Prudential Standard CPS 510 Governance* for applicable **Independence** requirements for audits of APRA-regulated entities.

- Registrable superannuation entity (RSE) licensees, and RSEs under their trusteeship that have five or more members, regulated by APRA⁵ under the *Superannuation Industry (Supervision) Act 1993*; and
- Other issuers of debt and equity instruments to the public.

AUST R400.19 A **Firm** shall determine whether to treat additional entities, or certain categories of entities, as **Public Interest Entities** for the purposes of this Part. When making this determination, the **Firm** shall consider the factors set out in paragraph 400.9 as well as the following factors:

- Whether the entity is likely to become a **Public Interest Entity** in the near future.
- Whether in similar circumstances, a predecessor **Firm** has applied **Independence** requirements for **Public Interest Entities** to the entity.
- Whether in similar circumstances, the **Firm** has applied **Independence** requirements for **Public Interest Entities** to other entities.
- Whether the entity has been specified as not being a **Public Interest Entity** by law, regulation or professional standards.
- Whether the entity or other stakeholders requested the **Firm** to apply **Independence** requirements for **Public Interest Entities** to the entity and, if so, whether there are any reasons for not meeting this request.
- The entity's corporate governance arrangements, for example, whether **Those Charged with Governance** are distinct from the owners or management.

Public Disclosure - Application of Independence Requirements for Public Interest Entities

R400.20 Subject to paragraph R400.21, when a **Firm** has applied the **Independence** requirements for **Public Interest Entities** as described in paragraph 400.8 in performing an audit of the **Financial Statements** of an entity, the **Firm** shall publicly disclose that fact in a manner deemed appropriate, taking into account the timing and accessibility of the information to stakeholders.

R400.21 As an exception to paragraph R400.20, a **Firm** may not make such a disclosure if doing so will result in disclosing confidential future plans of the entity.

Related Entities

R400.22 As defined, an **Audit Client** that is a **Publicly Traded Entity** in accordance with paragraphs R400.17 and R400.18 includes all of its **Related Entities**. For all other entities, references to an **Audit Client** in this Part include **Related Entities** over which the client has direct or indirect control. When the **Audit Team** knows, or has reason to believe, that a relationship or circumstance involving any other **Related Entity** of the client is relevant to the evaluation of the **Firm's Independence** from the client, the **Audit Team** shall include that **Related Entity** when identifying, evaluating and addressing threats to **Independence**.

[Paragraphs 400.23 to 400.29 are intentionally left blank.]

[Paragraphs R400.30 to R400.89 of extant Section 400 remain unchanged.]

⁵ Refer to the APRA *Prudential Standard SPS 510 Governance* for applicable **Independence** requirements for audits of APRA-regulated entities.
