In the context of financial reporting, the term *Compliance Framework* means a financial reporting framework that requires compliance with the requirements of the applicable framework, but does not contain the acknowledgements in (a) or (b) above.

Assurance Engagement means an engagement in which a Member in Public Practice expresses a conclusion designed to enhance the degree of confidence of the intended users other than the responsible party about the outcome of the evaluation or measurement of a subject matter against criteria.

- (b) analysis of figures provided by a Client, in order to report to the Client. For example, providing advice on a Client's proposed purchase of another entity, using the other entity's Financial Statements;
- (c) relaying information to a Client, without collection, classification or summarisation of the information; and

5. Planning

- 5.1 A Member in Public Practice shall plan the Compilation Engagement to ensure that the Engagement is conducted in accordance with this Standard and all applicable Professional Standards, laws and regulations.**
- 5.2 Appropriate planning depends on the nature of the Compilation Engagement and the particular circumstances of the Client. This can vary from a standard list of limited

6.5 The decision about the Applicable Financial Reporting Framework adopted by the Client is a decision of the Client taking into consideration of the intended use of the financial information as described in the agreed Terms of Engagement, and the requirements of any applicable law or regulation.

6.6 A Member in Public Practice should consider the following factors that indicate whether the Applicable Financial Reporting Framework is appropriate:

- (a) The nature of the Client, and the regulations that apply to the entity;
- (b) The intended use of the financial information and the intended users;
- (c) Whether the Applicable Financial Reporting Framework is prescribed or specified, either in applicable law or regulation, or in a contract or other form of agreement with a third party, or as part of governance or accountability arrangements adopted voluntarily by the Client; and
- (d) The nature and form of the financial information that is to be prepared and presented under the Applicable Financial Reporting Framework.

6.7 When undertaking a Compilation Engagement in respect of an Applicable Financial Reporting Framework, a Member in Public Practice may need to obtain significant judgements from the Client. In certain circumstances the Client may request the Member to provide assistance in respect of these judgements (for example, calculation of an accounting estimate).

7. Defining the Terms of Engagement

7.1 A Member in Public Practice shall document and communicate the Terms of Engagement in accordance with APES 305 *Terms of Engagement*.

7.2 A Member in Public Practice who is engaged to perform a Compilation Engagement should consider the following matters for inclusion in the Engagement Document in addition to the *General contents of an Engagement Document* of APES 305 *Terms of Engagement*:

- (a) the nature of the Engagement including the fact that neither an audit nor a review will be carried out and that accordingly no assurance will be expressed;

 - (iii) judgements needed in the preparation and presentation of the financial information, including those for which the Member may provide assistance in the course of the Compilation Engagement;
- (h) the basis of accounting of the Applicable Financial Reporting Framework on which the financial information is to be compiled and the fact that it, and any known departures from it, will be disclosed to Those Charged with Governance of the Client;

Conformity with International Pronouncements

APES 315 and ISRS 4410

The basic principles and essential procedures of APES 315 and of ISRS 4410 (Revised) *Compilation Engagements* issued by the International Auditing and Assurance Standards Board (IAASB) are consistent except for the matters noted below:

- The scope, application and definitions in APES 315 are tailored to the Australian environment;
- APES 315 is more stringent whereby a Member in Public Practice must follow the mandatory requirements of APES 315 when the Member undertakes Engagements to Compile Financial Information whereas ISRS 4410's scope is flexible and limited to a practitioner who assists management with a compilation and applies only in circumstances where the practitioner is reporting in accordance with the revised ISRS 4410;
- In respect of Relevant Ethical Requirements, APES 315 makes references to APES 110 *Code of Ethics for Professional Accountants*;
- When undertaking a Compilation Engagement in respect of General Purpose or Special Purpose Financial Statements, APES 315 mandates that a Member in Public Practice shall comply with APES 205 *Conformity with Accounting Standards*. The professional obligation for the Member to comply with APES 205 includes consideration of the going concern basis of preparation of financial statements;
- APES 315 requires that the Terms of Engagement be documented in accordance with APES 305 *Terms of Engagement*;
- In relation to quality control matters, APES 315 refers to APES 320 *Quality Control for Firms*;
- Where a Member in Public Practice compiles financial information which is not within the scope of a Compilation Engagement, APES 315 recommends that the Member consider issuing an Accountant's Report and Disclaimer (refer Appendix 3);
- APES 315 provides additional guidance on planning procedures which is dependent upon the context of the Compilation Engagement and the specific circumstances of the Client;
- Where the Compiled Financial Information is audited or reviewed by another practitioner, APES 315 permits a Member to not issue a Compilation Report. However, the Member is required to issue a Compilation Report if the scope of the Compilation Engagement extends to significant subject matter not covered in the audit or review;
- APES 315 prescribes that the Compilation Report must state the following, if applicable:
 - a statement that the Member is not independent of the Client;
 - the basis of any forecast information;
 - key assumptions (applicable to prospective financial information);
 - a paragraph drawing attention to the disclosure of departures from the Applicable Financial Reporting Framework;
 - an appropriate disclaimer of liability;
- APES 315 provides additional requirements and guidance where the Compilation Report is prepared in accordance with a regulation or contract;
- APES 315 mandates that a Member in Public Practice includes the words "Unaudited", "Compiled without Audit or Review" or "Refer to Compilation Report" on each page of the Compiled Financial Information;
- APES 315 incorporates additional professional obligations in respect of communication of significant matters to Those Charged with Governance of the Client;
- The Compilation Reports in Appendix 4 of APES 315 are tailored to the Australian environment and includes an additional example (Example 2) of a Compilation Report for an Engagement to compile Special Purpose Financial Statements; and
- APES 315 incorporates additional professional obligations in respect of subsequent discovery of facts.
